

Help make roads safer

The Provincial Traffic Safety Fund Grant program enables projects to reduce traffic collisions, injuries and fatalities in communities across Saskatchewan.

Approved projects are eligible to receive up to \$100,000 per location in funding for infrastructure projects or on equipment and community outreach programs to help improve traffic safety.

Priority areas of focus

Projects need to address certain priority areas. Some examples of traffic safety initiatives that are eligible for grant support are:

- impaired driving (alcohol, drugs)
- distracted driving (cellphone, fatigue)
- occupant protection (seatbelts, car seats)
- speed management (excluding camera equipment for photo speed enforcement programs)
- vulnerable road users (pedestrians, motorcyclists, cyclists)
- intersection safety (crosswalks, lights, signage)

Who can apply

Applicants representing Indigenous lands or territories and urban or rural municipalities are encouraged to apply with their traffic safety initiatives.

How to apply

Calls for new applications are open twice a year:

- January through March
- July through September
